adam: likewise.

epa grants the requested extension through april 28, 2018. if it appears that your client may be unable to meet that extended deadline, please contact us in advance to discuss.

regards -andre

Subject: River City Diesel

Andre:

Good speaking with you this morning.

As I stated during our telephone conference, River City Diesel would like to request an extension of time to respond to the information request issued by EPA -- which River City Diesel received on or about February 26, 2018 -- for at least 30 days. By our calculation, River City Diesel's response would have been due on March 28, 2018. We respectfully request an extension of time until at least April 28, 2018.

As I indicated, we are currently working with our client to better understand the scope of responsive information in its possession and we will have a better idea of how much time we will need to fully respond to the information request once we have completed that process. We'll revert at that time should we need more time.

We appreciate your prompt consideration of our request.

Sincerely,

Adam
